## About Kubu

How many times have you thought...have I locked my door?  
We've all been there!

With Kubu you'll never have to worry if you're door is unlocked again.

Kubu uses smart and simple technology to monitor your lock in real time. You'll be able to check the status of your door no matter where you are, at any time of the day, right from the Kubu app on your phone.

With Kubu say goodbye to uncertainty and hello to peace-of-mind.

**Be sure it's secure**

# What does the Kubu App do?

It lets you see the status of your door (locked/unlocked)

Get notifications with every turn of the key.

From any place in the world.

You can schedule notifications when you want.

At anytime, day or night.

It shows the history of your doors.

On all the doors in your home.

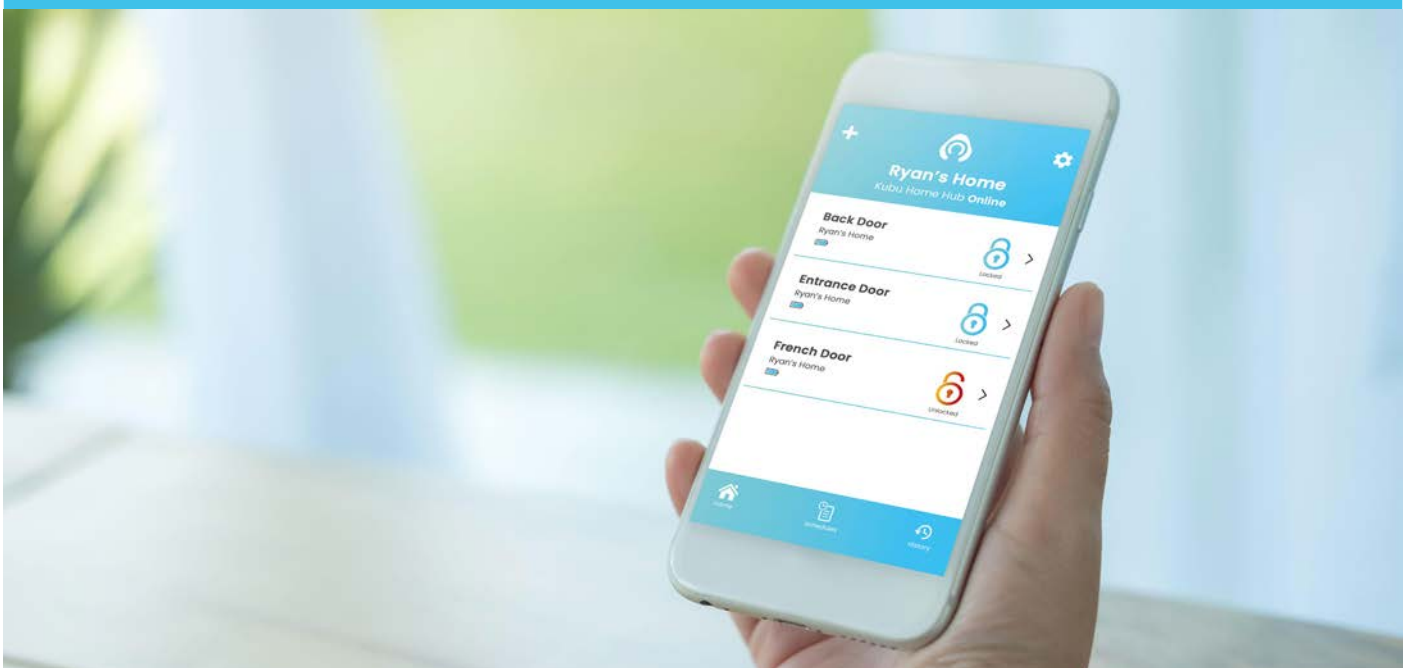

You can share your door with family and friends.

On all the homes that you look after.

Its perimeter feature helps to prevent you from leaving your home unlocked.

## Installation & Setup

Kubu is quick and easy to set up

Purchase your Kubu Home Hub and Smart Module online

Fit the Kubu Door Module into your existing Kubu Equipped Door Lock

Plug in your Kubu Home Hub and connect to your wi-fi

Download the Kubu App and set up your doors

# Kubu perimeter notification

How does the Kubu perimeter notification work? As you walk away from your home and your phone disconnects from wi-fi, Kubu will send you a notification if your door is unlocked.

Whether you're rushing out of the house to work, or taking the kids to school, Kubu will prevent you from getting too far away from your home with your door unlocked.

With the perimeter notification reminding you that you've left your door unlocked, you'll simply be able to nip back home and lock your door again.

Never again, will you have the question, "Did I lock my door?" Kubu is there to remind you and give you peace-of-mind.

## Receive real-time notifications

With Kubu, you'll always know the status of your door, whether it's locked or unlocked. No matter where you are, you can receive notifications right from the Kubu app on your phone.

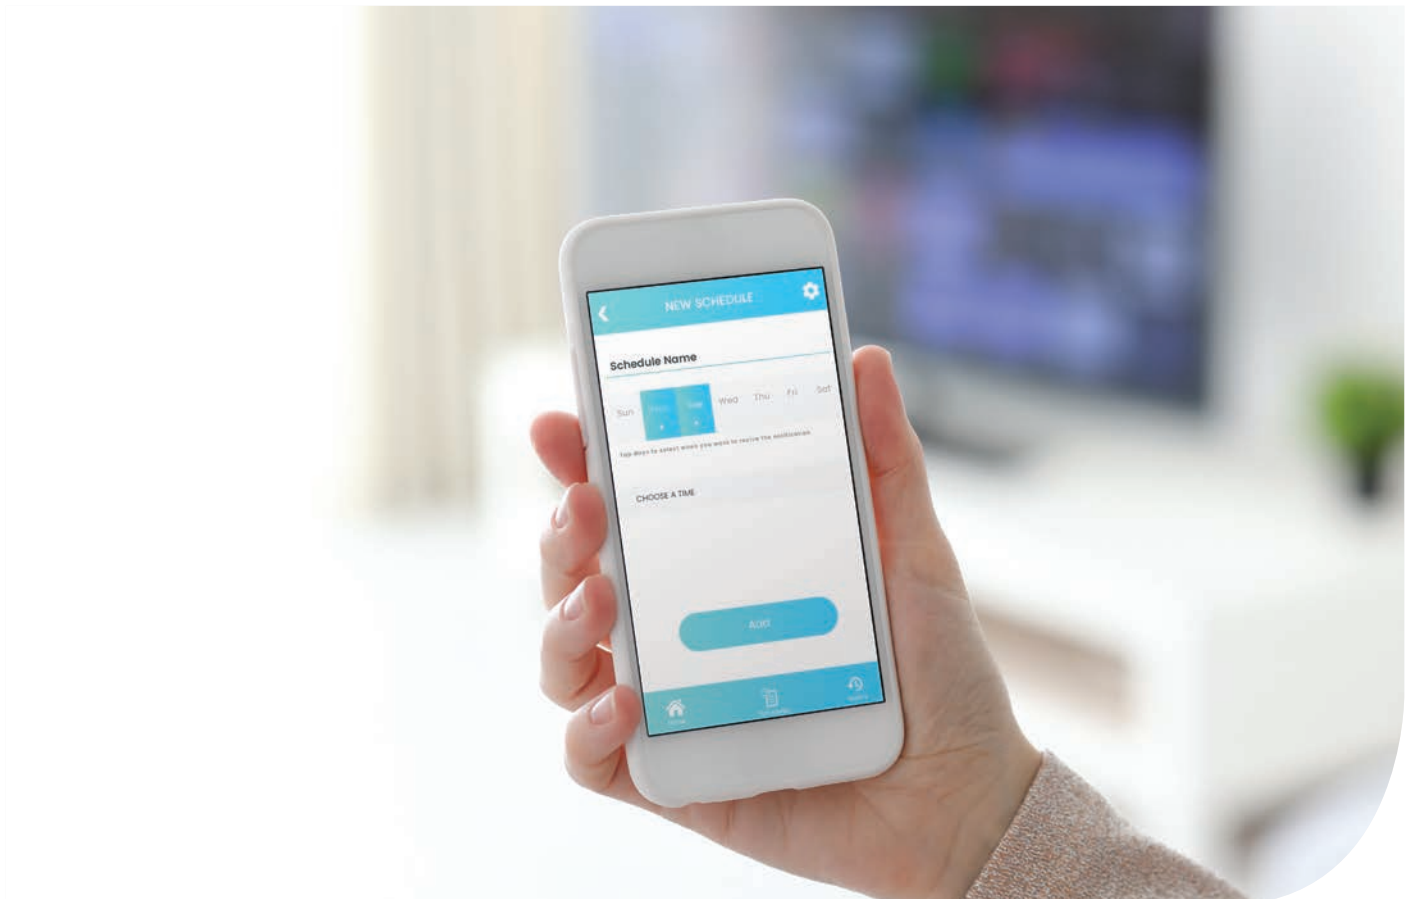

Kubu allows you to track activity and receive real-time notifications whenever someone enters and exits your home. So you'll always know when someone is coming and going at your doorstep.

## Set schedules

The Kubu app allows you to set schedules for any time of the day and night.

Simply pick a day and time when you'd like to be reminded of the status of your door, and Kubu will send you a notification to let you know whether it's locked or unlocked.

If you'd like a reminder that your doors are locked at night, or if you want to check that the kids have locked the door when they've got home from school, simply set up a schedule in the app, and Kubu will send you a notification at that exact day and time.

## Check back through your history

Kubu allows you to check back through all of your door history. The app gives you a complete log of whenever someone locked or unlocked your door,

You can check if there's any suspicious activity, and if you get broken into due to a component failure of the lock, you'll be able to log the exact date and time in your history.

## Share Your Door

The Kubu App allows you to share doors with your friends and family, so everyone can benefit from knowing if their doors are secure.

Through the Kubu app, you can share your doors with up to four members.

For example, if you want to remind an elderly grandparent to lock their doors at night, they can share their doors with you, and this will enable you to see the status of their doors too.

The '*share your door*' feature allows the whole family to have peace-of-mind.

## The Kubu Home Hub

The Kubu Home Hub also acts as a visual indicator, so you can check whether your doors are locked or unlocked, simply by looking at the hub.

When the hub glows blue it means all of your doors are locked. However, if the hub glows orange, at least one of your doors is unlocked.

# Kubu Equipped Door Lock

The Kubu Equipped Door Lock has been designed and developed to work in perfect combination with the Kubu Home Hub, Door Module and App.

You have the choice if you'd like to upgrade and make your door smart, and it's so simple, you can even fit Kubu yourself!

Why is the Kubu Equipped Door Lock so secure? It delivers the UK's largest hooks and centre dead bolt at 25mm, which

makes for greater compression and security on a closed door. The Kubu Equipped Door Lock easily passes PAS 24 for security and is Secured By Design accredited.

The Kubu Equipped Door Lock comes with a 10 year security guarantee and a 10 year mechanical warranty. Meaning, if you get broken into due to a lock component failure, we'll refund you £1,000 on your insurance excess. Activate your security guarantee online at: [www.kubu-home.com](http://www.kubu-home.com)

# Amazon Alexa Integrated

Kubu is not just a stand alone smart device, it integrates seamlessly into the home by communicating with your Amazon Alexa. You can easily add the Kubu skill to your Amazon Alexa account and be sure you are secure by simply asking a whole host of questions;

*“Alexa, ask Kubu if my doors are unlocked.”*

*“Alexa, ask Kubu for the status of my front door.”*

*“Alexa, ask Kubu when Front Door was last unlocked.”*

## Your Life with Kubu

Your home security is incredibly important. We all lead busy lives where it's easy to forget simple every day actions.

Whether you've been rushing out of the house, and can't remember if you've locked the door when you've got to work,

or if you're worried about elderly family members and want to know they're safe - Kubu is a smart and simple solution that will give you and your family guaranteed peace-of-mind.
